

Teacher/Public Outreach Training

Space is limited to the first 50 registrants!

Join the New England Water Environment Association (NEWWEA) for a Teacher Training (K-12) at the South Essex Sewerage District in Salem, MA this summer.

Participate in a treatment plant tour and activities. Learn about NEWWEA classroom presentations. Engage in a hands-on Earth Echo Water Challenge workshop that you can repeat with your own students! Discover practical approaches, lesson ideas, and tools that help educators bring climate and water topics into their classrooms in engaging and accessible ways.

Lunch and professional development points will be provided. A certificate of attendance will be handed out at the end of the event. Space is limited to the first 50 registrants. For more information, contact:

Kerry Reed
Youth Education Committee Chair: kreed@hopkintonma.gov or **NEWWEA office** at 781-939-0908, mail@newea.org
